Personal Profile

I have previously studied Computer Science at University College Birmingham from 2022-2025, while also working as a Sales Advisor at EE, combining my studies with part-time work. This experience taught me discipline, while also allowing me to expand my skillset with valuable soft skills gained through my role at EE and the knowledge gained from my degree.

I am currently engaged in a 12-week intensive Digital Skills Bootcamp in Software Development with **Just IT** training. I am looking to build on my skills and develop new skills to develop a career as a developer. I have completed several projects using HTML, Python, and JavaScript which have been posted in my GitHub portfolio.

Aspirations are to work as a Software Developer and to gain the skills and experience necessary. I thrive working in a challenging environment, problem solving and finding the best solutions possible.

Key Skills

Technical Skills:

- Front-end: HTML, CSS, JavaScript
- Back-end: Python, JavaScript, Node.js, C#
- Database: MySQL, JSON
- Agile development
- Git, Github

Soft Skills:

- Strong verbal and written communication
- Effective collaboration and team-oriented mindset
- Logical problem-solving and critical thinking
- Adaptability to new tools, technologies, and environments
- Attention to detail and code quality
- Self-motivation and eagerness to learn

- Generated and interpreted financial and operational reports
- Applied industry-specific techniques and procedures within the financial-banking sector

Interests, Hobbies and Achievements

Hobbies:

- Chess is one of my biggest hobbies, I have been introduced to it by my dad and ever since I was 10 I enjoyed playing it and I do it fairly often as a relaxation method. Similarly, I also enjoy doing puzzles and logic games to keep my brain active.
- Leaving the mental sports and going to the physical side of things, one of my main hobbies is Football. I tend to practice it quite often with my friends to keep myself in shape and to keep relationships active with the people that are closest to me.
- Another big hobby of mine is reading. Specifically, I enjoy reading historical books. History is a subject that has always had a place in my heart and I consider it just as essential as all my other hobbies, even more now considering the landscape that we find ourselves to be in.

Additional Info:

- Languages known: Romanian, English.
- EU Driving Licence
